

Minutes of Annual Meeting of Logan River Water users
and representatives from the State Engineer's Office

RECEIVED
JAN 25 1983
WATER RIGHTS

The Annual meeting of the Logan River Water Users Association and representatives from the State Engineer's office was held January 18th at 10:30 AM in the Mountain Fuel Building auditorium in Logan, Utah. Mr. Norseth of the state engineer's opened the meeting stating that the water year was an unusual one. He stated that ground moisture is high. The January 1st report was good, but because of very little moisture since then we are probably at about normal moisture at the present time. All reservoir storage is high but stream flow will depend on the moisture we receive from now until irrigation time.

Minutes of the 1982 meeting were read by Merlin King secretary and was accepted with a correction to the name of Lenkersdorfer.

The financial report was presented by Don Norseth. Money in the trust fund December 31, 1982 was \$4054.83. A motion was made by Don Hansen to accept the financial report as presented, seconded by Leo Perkes and all present voted in favor.

Commissioner Fern Nate made a report on the Logan River System. She stated that the books are not available yet because some of the information from the geological survey ^{was} were not yet available. She will distribute the books when they are completed. She stated that the 1982 irrigation season turned out to be as good as was anticipated at the beginning of the year. Logan River peaked at 1310 cfs on May 28th and maintained its flow very well through July. The improvements on the various canals and headgates were advantageous to the water users and made there job much easier. As in most high water years, the biggest problem was the trees and trash in headgates from the high runoff. Fern Nate would like to have any change in watermasters and canal company presidencies reported to her. She stated that the bad situation at the Thatcher mill has been corrected.

Budget for 1983 was proposed as follows.

Commissioners Salary -----	\$3300.00
Matching Social Sec. -----	221.10
State Retirement-----	590.70
Travel Expense -----	1050.00
Bonds & Insurance-----	45.00
Annual Report-----	500.00
Equipment Purchase-----	700.00
Misc. Ex.-----	100.00
Total Budget-----	6506.80

A motion was made to accept the budget as presented. Terry Gnehm seconded the motion and all present voted in favor. LaMon Perkes made a motion to set the assessment the same as last year. Motion was seconded by Charles Niederhauser and all present voted in favor.

Terry Gnehm made a motion to appoint Fern Nate as the water commissioner for the 1983 irrigation season and was approved by all members present.

It was decided to order 1 small recorder for the 1983 season.

A meter needs to be installed at the home in Logan Canyon at the right hand fork. The division of water rights will send a letter to the owner telling him to install this meter at his expense.

Members Present Were

Don Norseth
Merlin King
Terry Gnehm
Leo Perkes
LaMon Perkes
R. Michael Turnipseed
Rod Blossom
Stanley Nate
Fern Nate
Charles Niederhauser
